SMILE CLUB

Why join Smile Club?

£42
per month or
£420 annually
upfront

PROTECT YOUR NEW SMILE

You've invested time and money into your orthodontic treatment. Smile Club helps keep your teeth straight and your smile looking its best for years to come.

WEAR AND TEAR HAPPENS

Retainers naturally wear out over time. Replacing them regularly helps ensure they continue to fit properly and prevent unwanted tooth movement.

EARLY DETECTION OF TOOTH MOVEMENT

With regular Dental Monitoring scans, we can identify even small changes before they become bigger problems, often avoiding the need for more extensive treatment.

SAVE MONEY

Membership includes a new set of retainers every year, discounts on replacement retainers, and reduced fees if relapse correction is ever needed—potentially saving you hundreds of pounds.

CONVENIENT REMOTE MONITORING

Complete your scans from home using the Dental Monitoring app. Our clinical team reviews your progress, reducing the need for unnecessary appointments.

KEEP YOUR SMILE BRIGHT

Enjoy annual top-up whitening gel to help maintain a brighter, healthier-looking smile.

Smile Club gives you **peace of mind...**

- ✓ Annual replacement retainers
- ✓ Regular professional monitoring
- ✓ Early detection of relapse
- ✓ Exclusive discounts
- ✓ Whitening top-ups
- ✓ Ongoing support from our orthodontic team

Your orthodontic treatment doesn't end when your braces or aligners come off—it continues with lifelong retention. **Smile Club is designed to help you protect your smile for years to come.**
